Hey Carolyn,

I spoke with Wayne yesterday and just wanted to confirm that we are okay to miss the 30 day TAT for final data and that we'll retroactively change the due dates for the work orders in this project at a later time (so they'll stay 30 days for now and just display as late in LIMS).

Is that cool?

**Subject:** Deer Park data package #1 ready for 2nd review

Data package #1 for Deer Park (PFAS in water) is ready for 2<sup>nd</sup> review, all 2,429 glorious pages. This data package represents all the work orders that were received the first week of the project (5 total).

- The L4 .pdf data package is located on the 'O' drive: [\\204.46.201.26\R5CRL\Vol5\Organic Data Review\1903009\\_10\\_11\\_12\\_13 Deer Park PFAS\](#)
- The instrument data is located on the 'I' drive (see the Data Verification Checklist for data path)
- For your convenience, I've attached a handy QC criteria summary for our PFAS SOPs to help facilitate your review
- Your name was also added to the list if you would like to use the project-specific work code in PeoplePlus: A6SNPJ0006LTDC6

**DUE DATE = 4/29**
